

GARAGES

GARAGES

Size: 300 x 500 cm
Doors: GD02 / PX39
Windows: 2x PX37
Product code: G1

Size: 350 x 500 cm
Doors: PX39 / GD02
Window: PX37
Product code: G2

Fitted with roofing tiles. If you would like to fit tiles on the roof then we can supply the building without heavy duty felt shingles, however we must be informed of the weight per square metre so we can if necessary increase the loading capacity of the roof purlins and trusses.

Size: 400 x 650 cm
Doors: GD02 / PX39
Windows: 2x PX37
Product code: G3

Size: 500 x 550 cm
Doors: GD01 / PX39
Window: PX37

Tip! All the prices are available through the 3D configurator.

Would you like to modify one of these garages?

By using our unique 3D configurator you can adjust or amend this standard design. Simply enter the buildings product code to bring the standard model up in the configurator and use the options available to change this standard model to your bespoke design. Within the configurator lugarde-configurator.com/brochure you will find video clips, photographs, floor plans and drawing of the design chosen. For more information go to pages 13 and 14 of the catalogue.

The product code can also be used on our website www.lugarde.com. Type the product code in the search field and click on  to see video clips, photos and floor plans showing your selected design. You will be able to find your nearest Lugarde dealer on our web site. www.lugarde.com

Fitted with roofing tiles. If you would like to fit tiles on the roof then we can supply the building without heavy duty felt shingles, however we must be informed of the weight per square metre so we can if necessary increase the loading capacity of the roof purlins and trusses.

DO YOU WANT TO DESIGN YOUR OWN GARAGE?

To design your own garage you can use the same product codes as for log cabins.

Go to: www.lugarde-configurator.nl/brochure and type the following product code into the entry field:

BZ1: Garage with an apex roof

BP1: Garage with a flat roof

You can add a garage door at step 4 in the configurator.

Tip! All the prices are available through the 3D configurator.
